Fine Apitong / Keruing lumber for Trailer and Truck Flooring

Apitong is a dense, hard wood used for trailer and truck flooring. Apitong is very durable, resist decay and wear and maintains better than other woods for long lasting use.

We offer shiplap patterns of your custom length, S2s or S4s.

We offer thickness of 1/2 " and up.

We offer custom width and length since our factory can cut the Apitong logs to your desired width and length.

Pricing is \$2 per lineal foot (7/4" x 8") or \$3 per BF (board feet) for one 40' container order, around 11,000 BF or 26 cubic meters.
